LOCAL NEWS.

Miss. Alice Waite, book agent, returned from Hilo with a sprained ankle.

Geo. W. De Long Post, G. A. R., will meet to elect officers this evening.

The Hawaiian bark Star of Devon is slightly overdue from Fanning's Island.

The steamer Iwalani will be due to return from her trip over the W. G. Hall's volcano route this afternoon.

The Honolulu Rifles announce a welcome to any person desirous of visiting their armory at the Monday and Thursday evening drills.

A hack-driver named Richardson had the misfortune to have one of the carriages of the Pantheon Stables wrecked on the Nuuanu road yesterday.

A Spaniard employed by the Bell Telephone Company yesterday fell 20 feet off a tree he was trimming, and striking his head on the tool cart received severe injury.

Persons desiring a fine suburban residence are given an opportunity of gratifying themselves, in Mr. Cartwright's offer to sell or lease "Kananiohina," the property of Hon. C. H. Judd.

Mr. H. M. Dow has retired from the firm of West, Dow & Co., his interest having been bought by Mr. G. West. The retiring member of the firm continues for the present to manage the business.

A resident of Kaneohe, who crossed the Pali into town yesterday morning, is said to have seen a Chinaman sitting on the doorsteps of a house beyond the Halfway House, quietly engaged in cleaning a pistol.

Prices of admission to the volcano panorama have been reduced one-half. As there is a likelihood of its being shipped to the Coast by next steamer, nobody should miss the opportunity of seeing the grand picture.

The Bulletin correspondent at Hamakua understands that Mr. James Lidgate, who has leased the Kawela land from Hon. S. Parker, is now trying to form a joint stock company, with a capital of \$200,000, to plant cane and put up a mill.

Mr. Morris won the billiard match of 1,200 points 8-inch ball line game, his opponent, Mr. McCleery, only reaching 839. The match was won in the 8th inning, the loser having played 86. McCleery made the highest run of the match, 151, last night, and there was brilliant play on both sides.

Fire Annals.

To the Editor of the Daily Herald:

In your issue of the 10th inst. I notice an item stating that Hon. W. C. Parke was the organizer of the first fire brigade in Honolulu. Being interested in the old time fire department of Honolulu, I would like to know of the apparatus and efficiency of the brigade at the time of organization by Mr. Parke.

A Fine Map.

Mr. M. D. Monsarrat has just completed a map, 8 ft. x 5 ft., of the cane lands of the Mace Sugar Co. on Maui. The field work was done by Mr. S. E. Bishop and himself. The map is finished in water colors and shows the ahupuaas of Kapaa, Kealia, Kamamalo and Anahola. A territory of about six miles by four or five is comprised in this, the cultivated portion of the estate. Very fine and clear drawing and lettering characterize the work.

"I am afraid, Bobby," said his mother, "that when I tell your papa what a naughty boy you've been to-day, he will punish you severely." "Have you got to tell him?" asked Bobby, anxiously. "Oh, yes; I shall tell him immediately after dinner." (The look of concern upon Bobby's face deepened, until a bright thought struck him.) "Well, ma," he said, "give him a better dinner than usual. You might do that much for me."

Magistrate—"You are old enough to know better than to drink whiskey, Uncle Rastus." Uncle Rastus—"I kain't help it, yo' honah. I inherited a tas' fo' it." Magistrate—"Inherited a taste for it?" Uncle Rastus—"Yes, sah. Dat boy Sam o' mine is drunk mos' ob de time."—New York Sun.

The Best Tonic.

Mr. Henry Billings, Washington, D. C., writes: "I have used your Duffy's Pure Malt Whisky for medicinal purposes. As a tonic I consider it superior to the hundreds of concoctions which are now flooding the land as stimulant liquors."

SUPREME COURT.

In Equity.

Kealawai (k.) et alvs. Mawae (w.) and her husband. This is a suit in equity praying for the setting aside of a deed claimed to have been fraudulently obtained by the defendants from one Israel, now deceased, which deed was executed in October, 1879. The property involved is situate in Hamakualoa, Maui. The examination of four witnesses occupied all day, and hearing was continued till this morning. As usual in such cases the evidence is conflicting. W. A. Kinney and J. M. Poepee for plaintiffs; A. Rosa for defendants.

ADMIRALTY.

Before William Foster, Master. In the admiralty suit of S. Ephraim vs. the bark Forest Queen. The clerk took down the evidence of witnesses who will be absent from the trial. This is a case wherein plaintiff claims \$630 for damages resulting to the loss of 42 hogs shipped by the vessel. Evidence filed. Neumann for plaintiff; Hatch for defendant.

BANKRUPTCY.

In re bankruptcy of Lam Chock, before Preston, J. This was the day set for hearing proof of claims. Total amount proved, \$8,508.11. The voting for assignees stands in favor of W. C. Parke and Lam Chong, of the firm of Wing Wo Tai & Co., not yet confirmed by Court. Ashford & Ashford for the bankrupt.

THE JANUARY TERM.

Yesterday being the last day but one in which cases intended for the next January Term are returnable, the clerk's office was one busy scene, the whole day the clerks having all they could do to attend to the hearing of cases, then being tried, filing papers and issuing writs. There were no less than six cases filed for the next term.

Dinner on Board Ship.

Mr. E. W. Tucker, lately superintending engineer of the Wilder Steamship Company, yesterday gave a dinner party on board the steamer Kinau, for the purpose of taking a sociable leave of employees of that company and a few friends. Those who surrounded the festive board were Captain J. A. King, superintendent of the line; Mr. W. C. Wilder, acting President, Mr. S. B. Rose, Secretary of the Company; Captains C. Lorenzen, Alex. McGregor and Davis; Messrs. Geo. C. Beckley, K. Wallace, J. C. Stow, W. L. Cottrell, C. Kidder, J. Sutherland, H. L. Thron, John A. Steele, Wm. McGregor, W. C. Brash, Will Simms, Robt. Grieve, A. Brown, J. D. Tucker, F. J. Scott, A. Turnbull and the host, Mr. Tucker.

Mr. Wallace, in a neat address, presented Mr. Tucker with a diamond ring from the engineers of the company. Toasts were proposed and honored to His Majesty, "mine host," the President of the Company, the acting President and several others. Jovial songs filled up the remainder of the pleasant hour.

Pacific Hose Company.

The monthly meeting of the above-named fire company was held at their hall last evening. Fourteen members were present, including Mr. M. D. Monsarrat, foreman; Mr. J. W. McDonald, assistant foreman, and Mr. Alex. Robertson, secretary. A report was given from the company's representatives at the Board, and it was decided to accept the allotment of \$50 of the Inter-Island Steam Navigation Company's donation from the Department.

There was a report from the committee on the Jubilee parade, showing an expenditure of \$68, or \$18 more than the allowance for decorations given Pacific Hose Company from the Jubilee Committee's fund. The report was accepted, the committee discharged and the treasurer authorized to settle the bills.

Five new members were elected. An amendment was made to the constitution, providing for the appointment of a new officer, the second assistant foreman, and the by-laws were amended to define his duties. The foreman thanked the members for their creditable performances at last drill and the two fires quickly succeeding it. This gave rise to a discussion of several practical points of much importance to the efficiency of the company.

At a favorable opening Mr. B. Ordenstein stepped forward and, in a few appropriate remarks, presented Mr. Alex. G. M. Robertson with a company badge as a token of esteem for his services as secretary and member of the company. The recipient was taken by surprise, but very gratefully accepted the gift, promising to do his best for the good of the corps in the future as in the past. The badge is a very pretty silver one, in the shape of a shield, with the company's name on the face of it in black enamel, and an engraved inscription to the presentee on the back.

CHUN HOOK.

The Reward Increased—A Mounted Search Party—False Report that the Convict was Shot.

Yesterday Mr. Dayton, Deputy Marshal, issued fresh notices, increasing the reward for the capture of Chun Hook from \$50 to \$300. He also organized a posse of seven or eight policemen, headed by Officers Kauhane and Hopkins, to explore Nuuanu Valley on horseback. They left about four o'clock in the evening, taking a pack of dogs with them to hunt down the desperado. About six o'clock some harebrained person at Kaneohe telephoned into town that Chun Hook had been shot near the Halfway House between here and the Pali.

The news spread all over the city like wildfire and soon became the universal topic. Crowds assembled in and about the Police Station, where the telephone bells kept up an almost constant ringing at the dictation of an enquiring community. After sufficient time had elapsed for the perforated burglar to be brought in, dead or alive, the suspicions of a hoax dawned on the multitude, which were soon confirmed. The expedition rode into town at nine o'clock without Chun Hook, but with the report that they had seen or heard nothing of him. "A chance to earn three hundred dollars by catching the fugitive, together with his full description, is presented in an advertisement in this paper."

Testing the Water Pipes.

Yesterday Mr. C. B. Wilson, Superintendent of the Water Works, was testing the pipes of the extension of about 11,000 feet up the Nuuanu Valley, which was connected with the old system last Friday. The water was started about one o'clock in the afternoon, and about four o'clock two pipes gave way, about half way up the line, or 5,000 feet above the old ice works. There was a pressure of 210 pounds to the square inch at the gauge, placed at a point 400 or 500 feet below the elevation of the spot where the burst happened. The pressure could not have been more than 60 pounds where the break occurred. This is the seventh burst since beginning to lay the new pipes. The pressure at the gauge above mentioned indicates a head of 475 feet. This, except when the supply may weaken in periods of drouth, ought to give enough pressure for fire purposes without the engines.
